Berkeley, California

## *Spirituality Today*

Sandra will explore a retrospective of her own work in Spirituality and particularly in bringing Spirituality into the Academic world as a recognized discipline.

This will be followed by an Open Forum for questions and discussion.

A world renowned feminist theological thinker who has helped to shape academia's sense of rightness with the lived experience God.

Recommended to all who long to be informed about what underpins the contemplative approach to spiritual formation.

Hosted by Dayspring Centre for  
Christian Spirituality  
68 Waverley Street, Dianella.

She is a great thinker and theologian. She is a runner, has tried bungee jumping and has seen hippopotami in the wild!
